Cuyahoga County Division of Senior and Adult Services

To Whom It May Concern:

The Suicide Postvention Response Team presented to the social workers, nurses, home health aides and administrative staff at the Division of Senior and Adult Services in 2015.

The information and resources provided were invaluable. Our staff members are out in the field on a daily basis and have to be able to recognize these signs and know who they can call for help.

The team provided solid information that can be put into use. The information was presented in an interesting, easy to understand and retainable manner.

I would recommend this training to anyone in the health and human services, medical and education field.

Sincerely,
